

# MUSIC BINGO

ADD STEPS TO YOUR COUNT!

Select 9 music tracks, and write the track number in a bingo field. When your music track plays, you must get up from your seat and walk in place until a new track is played. Remember to mark off your number on the bingo card.

**For you who are in charge of music bingo:** Create a playlist on, for example, Spotify with 16 music tracks. Write the 16 tracks above in the empty fields. Now, copy the bingo card and share it with the participants, who each fill in the bingo card with 9 out of the 16 music tracks.
